

Risom Lounge Chair
Jens Risom

RISOM LOUNGE CHAIR Jens Risom's original 1941 collection for Knoll incorporates a natural aesthetic, characteristic of understated Scandinavian design. The lounge and side chairs made of woven cotton webbing and wood, materials not subject to wartime restrictions, have now been updated with new fabric options and a variety of colors.

JENS RISOM Danish-born Jens Risom immigrated to the United States in 1939 and designed Knoll's first commissioned collection including a range of simple birchwood chairs in 1941. After World War II, he founded his own company and was among the first to manufacture furniture consisting of interchangeable standard components. Risom was knighted by Queen Margrethe II of Denmark in 1996.
